

# Experience the service like a guest!

Test the structure you created  
directly from your mobile.  
Simple!

voice  
concierge

For Android systems, the App is already present by default.

- 1 Download the "Google Assistant" app from the store (Android or iOS)

Open the app and say or type from the keyboard: **Ok Google "talk to the vocal reception"**.

2

When the assistant asks you in which hotel you are staying, type the code you find in the dashboard.

link: <https://voiceconciierge.heyvoice.io>

- Home\Dashboard
- Sezione Properties
- Accomodation

3 When the assistant asks for the room number, **n° room**

type the room number you entered during registration.

Enter your room number here

And now interact with your facility's personal assistant!

4

**ok**  
Listen to the contents  
that you have configured

**Ok google, talk to vocal reception**

What can I do for you

**chiedi:**

**Information about breakfast**

- ... The WiFi password
- ... The Public transport
- ... The restaurant
- ... The recommended experiences
